

EXPERIENCE MOBILE FREEDOM

What does Freedom mean for you?

The freedom to choose the best network for you, your users and your business. Should any (or even all) of your users need to change networks at any point in the contract, you have the freedom to do so. Rather than having to pay off a contract, you incur just a small fee to switch networks.

Freedom for your Business

- Switch between networks whilst in contract
- Single bill, single contract, regardless of connections on different tariffs and networks
- Feel supported by talking to us, rather than hours on hold with the network operators
- Fantastic value tariffs, actually help you save money!
- Wide range of contract types : 30 day, 12, 24 & 36 month deals. The longer you commit, the better the price - 30 day minimum term!
- Huge range of Bolt On options, including massive data bundles and international rates
- Dedicated Account Manager, in-house support, detailed billing all from On-Mobile

Why Freedom?

For many businesses, the decision to have all their mobile connections bundled under one contract is the standard process. However, for users it is not always such a great solution.

Many employees live, work & travel within areas where the signal is poor

Our Freedom tariffs solve that!

Aside from being great value, our mobile tariffs are fixed regardless of the underlying network they connect to. This means that you have one mobile phone contract with On-Mobile, one bill and no hidden charges.

Your users can be a mix of Vodafone and O2 connections, without the headache of mixed contracts.

Need new mobiles?

On-Mobile do not bundle phones in with tariffs. We don't believe that this practice offers the flexibility or value that a business requires.

This is why we introduced On-Lease, a highly competitive way to reduce capital cost and to finance equipment on your terms. Leased equipment potentially offers significant company tax benefits versus a higher price mobile phone tariff which includes handsets.

Advantages of SIM free:

- Keep current phones or upgrade on demand
- Trade-in old equipment against new
- Choice of the latest Business Phones
- Flexibility to change tariffs/contracts
- Range of lease options to manage costs
- Leases can offer significant tax benefits
- Speciality leases for Apple products

Freedom Standard Tariffs

Why choose us?

Customer service, tailored pricing and exceptional choice, all designed for our business customers.

On means business!

All Freedom tariffs are available as rolling 30 day, 12, 24, & 36 Month Deals. The contract length determines your final price. The longer term commitments offer the best prices. This does not prevent you from changing tariff during your contract!

If you frequently call internationally from the UK and want an even better deal, then ask about I-Freedom for the best international bundled rates!

World Business (WB) comes as standard on all Freedom Tariffs!

World Business enables users to have full access to their UK bundles and allowances whilst roaming worldwide.

- When in a WB country the service activates for a flat fee of £5 per day.
- United Arab Emirates (Dubai) is an inclusive location on our World Business!

See our website for the full list of WB countries.

Our daily roaming rate is currently applicable against ALL noted event types including received SMS
• Any usage will be debited from the user's UK bundled allowance
• If a user makes a call out of country this will be chargeable at standard roaming rates
• If a user exceeds their UK allowances they will be liable to roaming pence per minute rates

International & Roaming Explained

International Minutes and SMS Bolt-On's allow users to call or text from the UK to other countries for fixed bundle prices. Roaming Minutes and Data are for calling or browsing internationally from outside of the UK.

Free Roaming in Europe

With recent changes introduced by Ofcom, users now benefit from using their UK bundles in Europe without additional charges. This does not cover calls to Europe from the UK - for more info see our website or talk to your account manager.
